

**HAWAII REPEATER FREQUENCY APPLICATION FORM rev
12/22/23**

- NO coordination for less than 5w output if you use the (SNP) shared non-protected for low power repeaters
- NOTE: you must be the licensed repeater operator making this request.
- No third party request will be accepted on the behalf of another ham (unless you are coordinating for several repeaters of a club)
- REPEATER call is your call sign call or ORGANIZATION/CLUB CALLSIGN and you are trustee.
- Initially when I assign a frequency pair, it is on **hold** and **NOT COORDINATED** until
 - 1) **YOU** notify me its on the air and
 - 2) **I respond to your email** saying its coordinated.
 - 3) after notification you must renew every 2 years by sending email **with CALL and FREQUENCY in the subject line of email**
 - 4) coordination will be **REMOVED** from data base after 4 years if I don't get the renewal request
